Memorandum

Date: April 16, 2013

To: Honorable Chairwoman Rebeca Sosa
and Members, Board of County Commissioners

From: Carlos A. Gimenez
Mayor

Subject: Resolution Approving a Mediation Settlement Agreement between Miami-Dade County and F.A. Johnson, Inc.

Recommendation

It is recommended that the Board of County Commissioners adopt the attached resolution approving a Mediation Settlement Agreement between Miami-Dade County (County) and F.A. Johnson, Inc. in the maximum amount of \$83,000.00 and the retainage held in Federal Emergency Management Agency (FEMA) Contract 20070579, Hurricane Wilma Storm Drain Cleaning Program STDC7.

Scope

The impact of this agreement is Countywide.

Fiscal Impact/Funding Source

The fiscal impact to the County is \$83,000.00, and the retainage will be paid from Stormwater Utility funds through index code CPE316PE9769.

Track Record/Monitor

The Project Manager responsible for the project was Mercedes Barreras, Construction Manager, Public Works and Waste Management Department (PWWM).

Background

As a result of Hurricane Wilma, in fiscal year 2006 the County advertised for bid four (4) FEMA Hurricane Wilma Storm Drain Cleaning contracts. These were countywide maintenance contracts involving the clean out of existing drainage structures and associated culverts. The scope of work included hydraulic cleaning and vacuum removal of all foreign material, obstructions, debris, silt, litter, and all other associated work, as ordered by PWWM. Each Unit Price Work Order Contract was awarded for an aggregate amount of \$1.7 million to the lowest, responsive, and responsible bidder, for a period of 365 calendar days, with the option to extend the contract time for an additional 180 calendar days, upon mutual agreement between the contractor and PWWM's director, and approval of the County Manager.

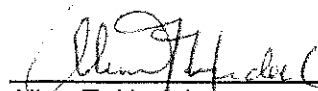

F.A. Johnson, Inc. was awarded one (1) of the contracts and performed countywide drain cleaning work in the total amount of \$1,001,665.00 during the contract period of February 26, 2007, to February 26, 2008. One of the other awarded contractors, Envirowaste Performance Systems, Inc. (Envirowaste), received work orders totaling \$1,630,547.00. All of the FEMA storm drain cleaning work was completed satisfactorily under the four (4) contracts.

F.A. Johnson, Inc. (F.A. Johnson), filed suit against Miami-Dade County alleging that the County breached the contract by interfering with F.A. Johnson's performance of the contract and by wrongfully assigning work to Envirowaste; and for wrongfully holding the outstanding contract balance from F.A. Johnson. It also alleged that the County breached the implied duty of good faith and fair dealing by requesting an unreasonable increase in equipment and crew from F.A. Johnson; failing to cooperate when F.A. Johnson attempted to mitigate its damages, and impeding the timely performance under the contract; and awarding work orders to Envirowaste beyond the scope of their contract at the expense of F.A. Johnson. It further alleged damages due to their securing work crews and equipment with the expectation of approximately \$1.7 million in assigned work, instead receiving \$700,000.00 less.

F.A. Johnson alleged that in order to fulfill the \$1.7 million contract requirements, it had to: (a) purchase two (2) vacuum trucks at a combined cost of \$550,000.00, (b) dedicate two (2) other vacuum trucks to the project, at a combined value of \$400,000.00, and (c) hire six (6) additional employees to fulfill the work crew requirements. F.A. Johnson alleges that it was damaged because Envirowaste commenced work significantly before they did, and Envirowaste was given the majority of the work due to their increase in the number of trucks on their project and F.A. Johnson's inability to invest in additional trucks. F.A. Johnson's position is that it would not have bid on the project if it had been clear that it would have to increase the amount of trucks to compete with the other contractors to be assigned the remaining work. In short, F.A. Johnson stated that a portion of its work was reassigned to other contractors on a basis that was not stated in the bid documents. They also alleged that because the County changed the contract's inspection services consultant, the required inspections were not performed timely, causing delays.

Consequently, F.A. Johnson alleges that its work crews and equipment sat idly in its yard, at a loss of \$7,000.00 per diem. F.A. Johnson expected to receive the full contract value and instead received approximately \$700,000.00 less. The County also retained approximately \$13,000.00 of contract value that was earned by F.A. Johnson because F.A. Johnson would not sign a release of all claims. This retainage amount was earned by F.A. Johnson and will be paid as part of this resolution.

The parties attended mediation where the County and F.A. Johnson negotiated and signed a Mediation Settlement Agreement which is being submitted as a recommendation from PWWM. In order to avoid the cost expense and potential liability of litigation, under the Mediation Settlement Agreement, the County and F.A. Johnson have agreed to resolve all claims between them in the maximum amount of \$83,000 plus the earned retainage amount held in FEMA Contract 20070579, Hurricane Wilma Storm Drain Cleaning Program STDC7. Under the terms of the settlement agreement, F.A. Johnson will dismiss the lawsuit and grant the County a full release and waiver of all claims. The County believes that this agreement is fair and equitable and in its best interest.
